

The Pearl Post

26 May 2025

In honour of World Bicycle day

Meet Teacher Zelmi

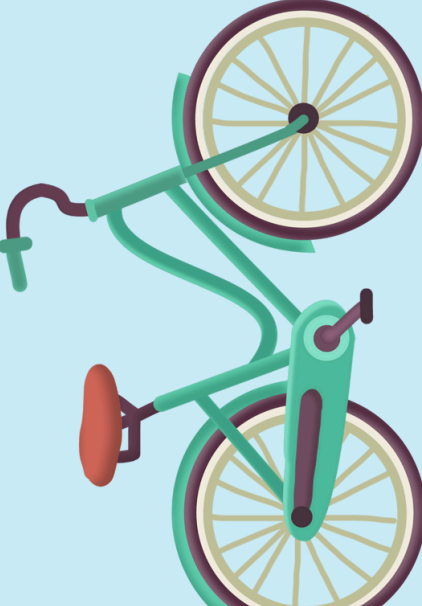

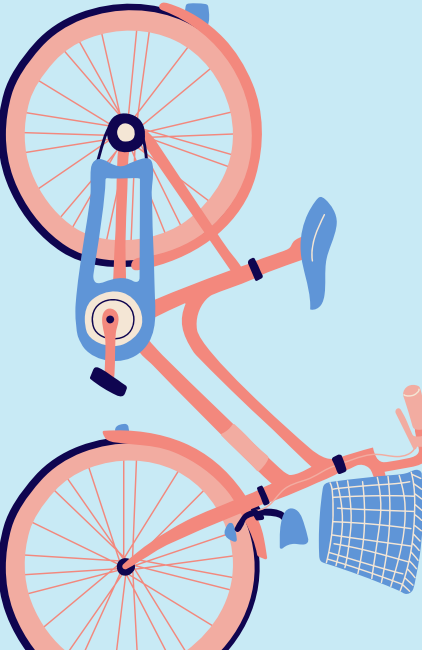

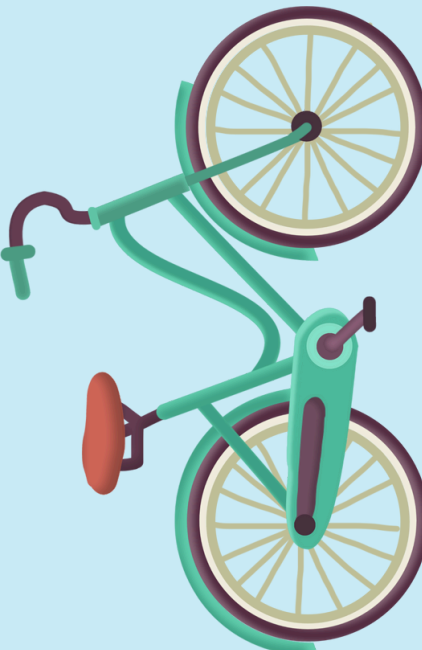

Grade 3

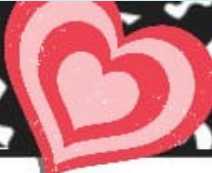

Hi! My name is Zelmi. I'm the youngest of five siblings, with four older brothers—so life was never boring! I absolutely love pizza and a good Bar-One milkshake. My favourite animals are white tigers and border collies. In my free time, I enjoy reading books and going for peaceful walks on the beach.

Burgers, Dreams, and Growing Teams - Come Cheer On Our Grade 7s!

No asking for permission to go to the bathroom	R10		
Electronic Devices allowed during break	R100		

Exams are around the corner...

Helping Your Child Succeed: Study Tips for Parents

1. **Create a Study-Friendly Environment:** Set up a quiet, well-lit area free from distractions where your child can focus. A consistent study space helps children mentally prepare to learn.
2. **Establish a Routine:** Consistency builds good habits. Set a regular time each day for homework and studying to make it part of your child's daily schedule.
3. **Encourage Breaks:** Help your child avoid burnout by taking short breaks during study sessions. A 5-10 minute break every 30-45 minutes can boost focus and retention.
4. **Be Involved, Not Overbearing:** Ask open-ended questions about what they're learning, and encourage them to explain it to you. This reinforces their understanding without you needing to "teach" them.
5. **Stay Positive and Supportive:** Celebrate effort, not just grades. Praise your child's hard work and perseverance, which builds confidence and motivation.
6. **Monitor and Limit Screen Time:** Balance is key. Ensure screens aren't interfering with homework or sleep, and encourage offline activities that support learning.
7. **Communicate with Teachers:** Stay in touch with your child's teachers. Understanding classroom expectations helps you better support learning at home.

Guess the teacher

She's been here since day one – the heart and soul of our school. 🧡

When you're feeling down, sick, or just need a helping hand, she's the one everyone turns to.

She never learned how to ride a bike 🚲 – but she sure knows how to whip up a delicious meal 🍲!

Her love for every learner is as deep and genuine as a mother's love. ❤️

Can you guess which incredible teacher we're talking about?

wins something yummy.
